Installation Instructions

PLEASE READ CAREFULLY BEFORE INSTALLATION

NOTE: Grab Rails must be fitted to a solid wall or other firm surface and installed by a qualified tradesperson.

Grab Rails will support a load in excess of 1470Nm (150Kg) vertical force.

To comply with Australian Standards AS 1428.1, grab rails must be fastened at a minimum distance of 800mm from the floor with a clear space of 600mm above the rail.

WARNING: Over time, the mounting screws may become loose. You should periodically check that the Support Rail is fastened securely to the wall and re-tighten or replace the mounting screws when required.

Cleaning & Care

- Clean regularly using a mild liquid detergent and water.
- Do not use cream cleaners or bleach. These substances are abrasive.
- Do not use cleaning pads with abrasive surfaces as this may scratch the materials.

BEFORE INSTALLATION: CHECK ALL PARTS OF PRODUCT THOROUGHLY. INSTALLATION IS ACCEPTANCE OF GOODS AND WILL VOID WARRANTY. MIRRORS ARE FRAGILE. TAKE EXTRA CARE WHILE TRANSPORTING AND HANDLING GOODS.

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZS 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.

Installation

1. Choose the Left-Hand or Right-Hand grab rail for the desired installation.

GRAB7094111L/R: 140° Accessible Left/Right-Hand Grab Rail

Left Hand

Right Hand

GRAB60103111L/R: 90° Accessible Left/Right-Hand Grab Rail

Left Hand

Right Hand

2. **IMPORTANT** If the FC03 toilet roll holder is required it must be installed onto the rail before the two parts of the rail are joined together.

Join the two rails together by screwing part B onto part A in a clockwise direction until the rails are correctly joined together with no more than a 1mm gap. Test that part B of the rail is straight before mounting to the wall.

3. Move the cover flanges back to expose the fixing plate to prepare for rough in.

4. On a level surface, mark the fixing points from centre to centre. Hold the grab rail against the wall to ensure correct placement. Using a marking tool, mark the hole positions on the wall through the fixing points.

Note: Ensure the placement of the grab rail meets AS1428.1 standards.
Refer to the LEFT-HAND or RIGHT-HAND configurations below.

Left-Hand

Right-Hand

5. Use a level to align the fixing point with the rail configuration. Double check the fixing locations before drilling the holes.

6. For fixing to brickwork, blockwork or concrete, using the correct drill bit, drill 8mm holes 60mm deep into the wall. Insert the wall plugs provided into drilled holes. Ensure plugs are level with the wall.

7. Mount the rail to the wall using the 304 stainless steel screws provided with the rail.

8. Make sure all screws are tightened securely. Refit the cover flanges over the fixing brackets.

9. Clean the grab rail regularly with mild liquid detergent or soapy water. Avoid using abrasive cleaners, bleach, or cleaning pads that may scratch the surface.

Warranties

Residential Warranty Periods

Applies to domestic uses and applications of Fienza® products, such as private dwellings and retirement villages.

Commercial Warranty Periods

Applies to commercial uses and applications of Fienza® products, including, but not limited to: commercial food premises such as restaurants; commercial accommodation such as hotels; hospitals and healthcare facilities; public amenities; and industrial, laboratory and manufacturing facilities.

Full Warranty Terms

Product Component	Residential	Commercial
Structure Only	5 years replacement parts or product	5 years replacement parts or product
Finishes - PVD & Electroplated	5 years replacement parts or product	1 year replacement parts or product
Spare Parts	1 year replacement parts or product	1 year replacement parts or product

Australian Consumer Law

Our goods include guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Fienza Pty Ltd reserves the right to make changes in product characteristics, packaging or availability at any time without notice. Please visit fienza.com.au for the latest information.

Warranty Conditions

- Installation has been carried out by a licensed tradesperson in accordance with all applicable Building, Plumbing and Electrical codes, and Federal, State, or Local Government Regulations in accordance with AS/NZS 3500 Plumbing & Drainage, AS/NZS 6400 Water Efficient Products, and AS/NZS 3000 Electrical standards for any installations to which these standards apply.
- All maintenance and adjustments to the product after the installation have been carried out by a licensed tradesperson.
- All care and cleaning instructions have been adhered to as prescribed.
- All goods of substandard quality manufacture (excluding imperfections permitted within AS1976 - Vitreous China used in Sanitary Applications) will be credited or replaced by Fienza when advised within the warranty period, subject to prior inspection and agreement.
- Proof of purchase is required for warranty claims.

Warranty Limitations

To the extent permitted under the Trade Practices Act and other relevant legislation, Fienza’s liability is limited to:

- The cost of replacing the goods, or
- The cost of obtaining equivalent goods, or
- The cost of having the goods repaired.
- Fienza is not responsible for any lack of operation or performance of goods (or any loss or damage) where goods are used or adapted for use with other goods not supplied by Fienza.
- It is the responsibility of the customer and installer before installation to ensure that all components are correct and free of obvious visible faults.
- Fienza is not responsible for the labour and rectification costs incurred in the above circumstance.

Conditions for On-Site Warranty Service Calls

Fienza will charge a service fee for each visit to an installation by its technician where it is determined that the fault is due to poorly executed or unlicensed installation work or where the product is not a genuine Fienza product or where the product is outside the warranty period. This may be paid in advance by credit card over the phone to a Fienza technician attending the site and will be refunded if the Fienza product is found to be at fault.
