BENEATH THE SURFACE

Why it lasts

01

Stainless steel, built for water

The rail and 200 mm overhead are stainless steel — it won't rust, corrode or stain in a constantly wet zone, the way lesser showers do.

02

A finish guaranteed for life

Bonded to the surface by physical vapour deposition, the brushed copper resists tarnish, scratching and fade — and it's backed, in full, by a lifetime finish warranty.

03

Two ways to bathe

A simple diverter moves you between the overhead rain and the paddle hand shower — drench from above, or take it in the hand to rinse.

Lifetime Warranty

FINISH INCLUDED

Built to be the last one you buy. Every Milan shower carries a 1-year parts & labour warranty, backed by a lifetime replacement warranty that includes the finish itself — the brushed copper is guaranteed not to wear away. Rated WELS 3 Star at 9.0 L/min, it pairs a generous, drenching flow with everyday efficiency.

CARING FOR IT

- A soft, damp cloth is all it needs
- No abrasive pads, acidic or solvent cleaners
- No polishes or coatings — the finish does the work

PART OF THE MILAN COLLECTION

The Milan range runs the full bathroom — basin and wall mixers, a 2-in-1 shower, kitchen mixers, towel rails and accessories — every piece in the same brushed copper finish, so nothing in the room is left to chance.

One silhouette. Seven finishes. Every room.
