part of your life, and indeed, part of you.

Nero

Nero Tapware

Reinvent your bathing experience

At Nero,
we take tapware personally.

That's because we understand that your choices are entirely personal ones.

The taps and accessories you choose for your home are an extension of yourself. They say something about you. Your tapware is not just a source of water it's a source of pride an expression of who you are, what you think, what you feel. Every time you turn on a tap, hang a towel, or take a shower, it should be a reminder of your sense of style.

We create tapware that is aesthetically beautiful, and effortlessly functional.
And we remain proud to have Nero as part of your home, part of your life, and indeed, part of you.

Product design and development

All our products are designed by our thoughtful and skilled design team here in Australia.

We create our products with a local feel, for a loyal,
local customer base.

Quality and simplicity are at the heart of everything we design.

Sleek, attractive lines and uncomplicated functionality underline all our creations.

Our range reflects modern design trends and keeps pace with your needs and expectations.

Production quality

Are products are made to last, using only the highest quality materials and craftsmanship. All of products
are constructed using DZR Brass

They are precision engineered to work, and keep on working,
according to Australian standards and conditions.

They come in a range of colours and finishes that best suit your own individual taste and needs.

In fact, our choice of colours is one of the main reasons we stand out against our competitors. We have a
wide colour range available which includes Chrome and Matte Black (both electroplated finishes), as well as
Brushed Nickel, Brushed Gold, Gun Metal Grey, Graphite and Brushed Bronze (PVD finishes).

We employ only the latest technology, to provide a consistent, durable finish on all our products. So much so,
that we are confident enough to give a 7-10 Year Replacement Warranty
on all our finishes.

Sustainability

At Nero, we don't just think about how to make your home a more beautiful place to be.
We think about making Australia a more sustainable,
more environmentally considerate place to live.

All of our products are designed for high water efficiency, to not just help save the planet, but save you
money on your water bills.

Packaging is designed and used efficiently, so minimise any wastage,
and recyclable materials are used wherever possible.

Customer Service

At Nero,
we pride ourselves on putting our customers first.
The success of our business depends entirely on your happiness,
so your complete satisfaction is our highest priority.

We will continue to provide products and service of the highest quality.
We wouldn't have it any other way.

Opal Progressive

Minimalist, yet eye catching, our Opal Progressive range effortlessly takes centre stage without drawing attention to itself. Like most true stars, these taps, mixers, showers and accessories don't have to try too hard to impress. They come in an ultra-modern range of finishes which feature brushed gold, brushed nickel, brushed bronze and graphite.

But it's not just how the Progressive range looks that makes it such a stand out. It's how it works. The mixer handle works through three separate zones – cold water only, a mix of hot and cold and hot water only – for more efficient water usage. You can see and feel the quality the moment you come into contact with them. The tactile finish on the handles, for example is the perfect combination of visual appeal and welcome practicality. We have carefully considered not just the aesthetic appeal, but the everyday ease of use.

Kara Progressive

This modern range of taps, mixers and showers is a real show stopper and will add a touch of style and class to any kitchen or bathroom.

It has been designed and manufactured with quality and confidence in mind.

Sleek and stylish curves are the inspiration behind this contemporary range which comes in a stunning brushed gold finish as well as chrome, brushed nickel, gunmetal and matte black. And it will turn any kitchen or bathroom into the feature rooms of the home. But it's not just the unique look of the Progressive range that makes it so unique. It's the way it functions. The mixer handle works through three separate zones – cold water only, a mix of hot and cold and hot water only – for more efficient water usage.

Kara Range

Available in a range of colours including Chrome, Matte Black, Brushed nickel, Brushed Gold and Gun Metal Grey, the Kara range of tapware combines the separate hot and cold water tap design of old with a stylish, contemporary look that is right on trend.

The result is a unique blend of old meets new that is sure to add a designer touch to any space.

Like all of our tapware, the Kara range carries a water saving feature to minimise water wastage. It also has the "quarter turn" function, setting it apart from some of the older designs, and comes with the reputable brand of Neoperl aerators.

Wall Top Assemblies

The background of the page features a soft-focus photograph of lavender. Several sprigs of purple lavender flowers are positioned diagonally across the upper half. In the lower-left corner, a bundle of dried lavender stems is tied together with a piece of twine. In the lower-right corner, a white ceramic bowl is filled with coarse, crystalline purple bath salts.

Mecca Range

The minimalist design structure promotes Mecca's style and simplicity. The products feature a demonstration with a sense of elegance and an artistic temperament matching the current bathroom space design trend perfectly.

The Mecca series provides the 7 most popular finishes and a more complete range for individual choice. Additionally, we support 2 years labor warranty & service to create a wonderful brand experience for our customers.

Pearl Range

The Pearl range of products is a throwback to those years when three-piece tapware was the norm. Combining the functionality of separate hot and cold water taps with contemporary, stylish designs,

Pearl is a unique blend of old meets new.

Updated in today's most popular colours including chrome and gunmetal grey, the collection is sure to please even the most discerning style palette. Continuing Nero Tapware's commitment to producing only the highest quality tapware and accessories, the Pearl collection carries many of our key product features, including water saving functions, the reputable brand of Neoperl aerators, and a coin-operated feature that allows users to remove the tap filters for cleaning using just a simple coin.

Celia Range

With its strong edges and streamlined design, the Celia collection will add a trendy touch to any bathroom, kitchen or laundry space. Its well-defined edges and elegant curves are perfectly complemented by the gorgeously rounded taps for a look that is luxurious and modern.

Here at Nero Tapware, our designers work hard to understand current trends and the evolving needs of Australian families and property owners. In addition to updating existing designs, we also make it a point to stay abreast of industry developments in order to give our customers the best product we can offer. Like all of our collections, our Celia range also comes with a water saving feature to minimise wastage.

Shower Range

Explore the potential and many possibilities that your bathroom holds with our Shower range. Here at Nero Tapware, offering our customers a wide array of products that will suit different needs is a top priority. The requirements of different families – and indeed different types of property – will not all be the same.

With our Shower collection, there is sure to be something to suit your needs. From straightforward shower columns to handheld showerheads, from simple designs with just a shower rail to detachable shower arms and showerheads – whichever you choose, you can rest assured that you are getting a quality product that you can depend on.

All of the products in our Shower collection are made of solid brass, and they also come with water saving features to minimise wastage and keep those water bills to a minimum.
